

Loop Capital Summer 2016 Internship Program *(June 2016 - August 2016)*

Loop Capital founded in 1997, is a full-service investment bank, brokerage and advisory firm that provides creative capital solutions for corporate, governmental and institutional entities across the globe.

Loop Capital Markets and its affiliates serve clients in corporate and public finance, financial advisory services, taxable, tax-exempt and global equity sales and trading, analytical services, and financial consulting services.

Headquartered in Chicago, the firm has over 150 professionals in 21 offices across the country. Find more information at www.loopcapital.com.

Loop Capital's Internship Program is an annual ten week program offering technical and financial positions to undergraduate and graduate students.

Program Overview

This is a paid internship program that includes immersion in the typical daily work at Loop Capital across various divisions, including Public Finance and Corporate Investment Banking, Analytics and Information Technology. Prospective interns will be allowed to apply for specific divisions. The program also includes weekly workshops, selected field trips, and a final presentation to senior management. Internship positions are offered in Loop Capital's Chicago and New York offices only.

Students will be challenged to stretch themselves intellectually and contribute to real projects, gaining hands-on experience that can assist them in acquiring a full-time professional position in the industry, while obtaining skills that will be useful throughout their personal and professional lives.

Professional Workshops

Interns will be presented with weekly professional workshops to provide an awareness and basic understanding of financial markets and increase student awareness of potential career paths. Interns are expected to attend all program workshops.

- Bloomberg Basics
- Effective Presentations
- Financial Literacy and Creating Wealth
- Microsoft Office Workshop
